ADMINISTRATIVE DECERTIFICATION

Date of Administrative Decertification: May 18, 2026

Name: Amy (Michael J) Brannan

Summary

On March 11, 2026, the Delaware Police Officer Standards and Training Commission (POST) received notification that Ms. Brannan had "Retired or resigned prior to the entry of findings of fact concerning an alleged breach of internal discipline for which the individual could have been legitimately discharged had the individual not retired from or resigned that individual's position prior to the imposition of discipline by the employing agency," which served as grounds for decertification under 11 Del. C. § 8404(a)(4)e.2.

Pursuant to 11 Del. C. § 8404A, Ms. Brannan had the right to a hearing before a board composed of three Commission members (a "Hearing Board") appointed by the Commission Chairman. POST notified Ms. Brannan of her right to exercise her option; however, Ms. Brannan provided notice to POST that she wished to voluntarily surrender her POST certification. At the quarterly POST Commission meeting held on May 18, 2026, the Commission reviewed the facts of the case and voted to accept the voluntary relinquishment of her POST certification. As of that date, she is no longer authorized to exercise any police powers in the State of Delaware or be employed by any Delaware law enforcement agency in a police capacity.
